

CMS Series Loudspeaker

CMS3/T

FEATURE:

- Built-in 100v/70v transformer
- Mini In-ceiling type loudspeaker
- 3" speaker unit
- Power taps 3W & 6W @100V
- Metal grille, ABS baffle and ABS back cover
- Fast installation by spring clip

DESCRIPTION:

The Heinrich CMS3-T 3W, 6W ALL HEINRICH CMS SERIES CEILING LOUD SPEAKER are EN 54 Approved HEINRICH all speakers support EASE, CATT, ULYSSES models for acoustic studies. This means the acoustic model can be designed to simulate the sound quality and distribution prior to installation All HEINRICH loudspeaker have undergone through testing procedure to ensure that all products compliance with LOW VOLTAGE DIRECTIVE (BS EN 60065, 2003) and EMC (BS EN 61000-6-Part 1/2/3/4).

The CMS3/T is a ceiling speaker built-in 70v/100v transformer. The 70v/100v transformer technique reduces line losses on longer distance and allows easy parallel connection of multiple loudspeakers. The built-in 3" speaker driver is designed of wide frequency response 120-20kHz, the multiple power taps 3W & 6W are helpful for different applications varies from room size and ambient noise surroundings. The metal grille and ABS baffle are painted in attractive RAL9016 white colour. Its spring clamp makes the easy and secure installation. It is ideal choice for industrial and commercial applications in hotel, school, office and factory where background music and paging is needed.
