

# Economic Full Digital Conference Embedded Delegate Unit

H0336D

## DESCRIPTION:

Heinrich's H0336D is a cost-effective, fully digital conference embedded delegate unit that offers superior audio quality and advanced features. With a 48kHz sampling rate, it delivers sound clarity that surpasses CD standards. The built-in DSP audio processing eliminates low-frequency impact sounds, ensuring a clean and crisp listening experience. The touch button design eliminates the noise associated with traditional mechanical buttons, providing a neat and convenient user interface. The unit utilizes 100M network transmission for efficient hand-in-hand cascading, ensuring uninterrupted sound quality even over long distances. The voice control function intelligently activates the microphone when a speaker's voice is detected, offering customizable sensitivity and closing time settings. The internal feedback suppression effectively prevents squealing, while the 5-band EQ adjustment allows for fine-tuning sound effects to match different speakers' voice characteristics.

## FEATURES:

- The microphone adopts the sampling rate of 48kHz, which is higher than the CD sound quality, clear and bright sound, built-in DSP audio processing inside, without the low-frequency impact sound.
- Designed with touch buttons, no knocking noise during operation, neat and convenient. Use 100M network transmission to realize hand-in-hand cascade, long-distance transmission will not have any impact on sound quality.
- With voice control function, the microphone can be turned on intelligently. Support adjusting the voice control sensitivity and setting the closing time.
- Support internal feedback suppression function, effectively prevent squealing. Support 5-band EQ adjustment function, sound effects can be adjusted according to different speakers' voice characteristics to achieve the perfect effect.
- The chairman has a priority function and can turn off all delegate microphones that are speaking.
- Support the function of speech timekeeping and speech countdown.
- Support voting and rating functions; the chairman unit can initiate voting and sign-in; data statistics can be fulfilled without a PC.
- Support multiple language receiving channels: 63 + 1 (default).
- The microphone comes with a built-in 1W speaker.

# Economic Full Digital Conference Embedded Delegate Unit

## SPECIFICATIONS:

<b>Model</b>	<b>H0336D</b>
<b>Microphone type</b>	Cardioid Electret
<b>Frequency response</b>	80Hz~20KHz
<b>Microphone input impedance</b>	680Ω
<b>Sensitivity</b>	-41±1.5dB (0dB=1V/Pa,at 1KHz)
<b>Maximum SPL</b>	120dB
<b>SNR</b>	>80dB(A)
<b>Crosstalk</b>	>70dB
<b>Dynamic range</b>	>90dB
<b>THD</b>	<0.1%
<b>MAX power consumption</b>	2W
<b>Headphone load</b>	>16Ω
<b>Headphone volume</b>	Maximum 40mW
<b>Headphone jack</b>	3.5mm dual channel jack
<b>Connection method</b>	Network cable connection
<b>Hand-in-hand expansion port</b>	Support
<b>Power supply</b>	Powered by controller of DC36V
<b>Color</b>	Black
<b>Voting function</b>	Five key for election, three key for voting, five key for rating
<b>Simultaneous interpretation</b>	63+1 channels
<b>Sign-in function</b>	Touch button to sign in
<b>Display</b>	OLED full viewing angle low power display
<b>Weight</b>	0.55kg
<b>Microphone pole</b>	600mm
<b>Size (L×W×H)</b>	250x55x85mm
<b>Installation method</b>	Embedded installation
<b>Cutout size</b>	206x48mm
