

UHF Wireless Conference System Chairman Unit

UHF Wireless Conference System Delegate Unit

MC1UHF

DC1UHF

FEATURE:

- ✓ Using engineering plastics materials with novel appearance design, built-in antenna.
- ✓ Unique new anti-noise single directional high sensitive capacitance pickup, provide perfect conference voice.
- ✓ Large-screen LCD display; hierarchical menu design; simple and convenient operation; it can display the signal strength, battery power; battery under-voltage warning control, frequency channel, channel number and other information.
- ✓ Ultra-low power consumption, more than 8 hours of continuous speech time and more than 20 hours of standby time.
- ✓ Audio channel and control channel are all transmitted by wireless way, no need other cables, signal coverage can be moved conveniently and flexible.
- ✓ Delegate units with speech key, mute/menu Setting keys and volume plus or minus buttons, chairman priority key,
- ✓ totally four different types of keys.
- ✓ Delegate units with pickup lamp, which can display unit statement.
- ✓ Chairman unit has priority access functions to cut of the delegate unit speech.

SPECIFICATION:

Model	MC1UHF / DC1UHF
Audio channel	
Communication mode	UHF Wireless (one way)
Number of channel	5 channel, one for chairman , four channels for delegates
Frequency range	500MHz-950MHz
Modulation system	FM
Infrared radiation power	+10dBm
Maximum modulation	60K
Radiant power	≤+9dBm
Microphone sensitivity	-44dB±2dB
Frequency deviation	<0.002
SNR	>85dB
THD	≤0.8%
Frequency response	50Hz-15KHz
Pick-up range	10-30cm
Control channel	
Communication mode	wireless
Number of channel	16
Frequency range	422.4MHz-438.4MHz
Modulation mode	FSK

Comptable conference host unit CE0590MH
