

4" TWO WAY 15W WALL MOUNT LOUDSPEAKER

WS15/T

DESCRIPTION:

The WS15/T is a wall-mounted loudspeaker with a built-in 70V/100V transformer. The 70V/100V transformer technique reduces line losses over long distances and makes parallel connections of multiple loudspeakers simple. With its built-in 4" + 1.5" speakers, it delivers a wide frequency response from 120Hz to 15KHz. Its RMS power output of 15 watts makes it suitable for most applications. In addition to the black grille, the ABS enclosure and stainless mounting bracket are made of stainless steel. Easy and secure wall mount installation through the supplied mounting bracket. Suitable for commercial and industrial applications in hotels, schools, shopping malls, offices, and factories where background music and paging are needed.

All HEINRICH speakers are compatible with EASE, CATT, and ULYSSES models for acoustic studies. By simulating sound quality and distribution, the acoustic model can be used to determine how well the installation will work. A test procedure has been implemented to ensure that HEINRICH loudspeakers comply with the LOW VOLTAGE DIRECTIVE (BS EN 60065, 2003) and EMC regulations (BS EN 61000-6-Part 1/2/3/4).

FEATURES:

- Built-in 100V/70V transformers.
- Easy & secure Wall-mount installation.
- 4" two way wall mount loudspeaker.
- RMS 15W @100V.
- Metal grill, ABS enclosure & stainless mounting bracket.
- Excellent sound quality in an economy range speaker
- 360 degree rotatable mounting bracket is supplied

4" TWO WAY 15W WALL MOUNT LOUDSPEAKER

SPECIFICATION:

Model	WS15/T
Power Taps @100V	15W/7.5W/3.75W
Power Taps @70V	7.5W/3.75W/1.87
Impedance	Black: Com, Red: 1500Ω
SPL (1W/1M)	88dB±3dB
Max. SPL (Rated W/1M)	99dB
Frequency Response (-10dB)	120Hz - 15KHz
Speaker Driver	4" x 1-1.5" x 1
Finish	Baffle : ABS Black/White Grille: Steel, Black/White
Mounting	Mounting Bracket Fixed by Screw
Dimension	222 x 160 x 160mm
Weight	1.8kg

Dimensions:
